Vision / Location

The **frutt** resort with its two hotels and two apartments is the contemporary, high-alpine interpretation of the Lodge's idea. It combines straightforwardness with modern standards, service understanding and restrained luxury. Natural materials, solid wood elements and stylish details convey coziness and well-being and stand in exciting contrast to the massive construction with generous volume of space. Appropriate sobriety, light and views of the fascinating mountains in combination with Alpine chic create a unique ambience.

The unique location on the sunny plateau at 1920 m above sea level offers plenty of room for retreat and (mountain) experiences: the **frutt** Resort is the unique combination of design, modern mountain romance, enjoyment, sport, relaxation and wellness.
